INTRODUCTION

Proficiency in a language is built over time, through a process of cognitive learning and interactive practice. Listening, speaking, reading and writing are the key skills in language acquisition and learning. Language primarily develops from listening and speaking. These skills when nurtured to the full have a positive and marked effect on the learners of English as a second language. English Language Lab is a platform where comprehensive and interactive digital content catering to the listening and speaking skills, is put to use in a stimulating lab environment.

- The distinctive program pedagogy includes rich training support for the learner as well as the trainer
- The role of an instructor (Guru) in a language skill enhancement class is critical. The methodology adopted, hence, is a perfect blend of Instructor Led Training (ILT) and Computer Based Training (CBT). Keeping the importance of a teacher in mind, English Plus Language Lab sessions ensure a teacher-learner interaction in the class. The human touch and the wealth of knowledge and experience that a teacher brings into the classroom combine with the rich content of the English Plus Language Software to provide an effective learning experience for the learner.
- The structured approach takes the language learning through an organized process of gradual learning
- The system ensures a stress-free environment with high quality digital content that supplements the academic syllabus
- The software provides the learners with a private environment for self-paced practice

Objectives

English Language Lab is a program designed for the college students, runs parallel to, and complements the college curriculum each year. It progresses through 8 levels of advancement. Each module comprises of 40 hours of intense language training, alternating between ILT and CBT sessions.

1. To facilitate computer-aided multi-media instruction enabling individualized and independent language Learning
2. To sensitize the students to the nuances of English speech sounds, word accent, intonation and rhythm To bring about a consistent accent and intelligibility in their pronunciation of English by providing an opportunity for practice in speaking

BOSCH BRIDGE TRAINING
Report (2018-2019)**

This Bridge Training Course has lot of opportunity for the students and as well as who needs job after the completion of the course. The department is organizing this course since last year. This 3-month short-term program has been designed and developed by Bosch with focus on employability and life skills and delivered by Bosch through BRIDGE Centers across India.

BRIDGE students receive job skills training in all the key elements needed to find gainful employment in the organised or semi-organised sector. The program prepares students to find the first job in their life.

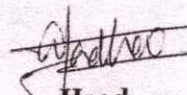

Every day, students get one hour coaching on Spoken English, Basic Computers (with hands-on experience) and Value Education.

After completion of the BRIDGE program, Bosch provides job placement assistance to the candidates in finding job in semi-organized or organized sectors. They are guided by the BRIDGE Trainers and Coordinators at their Center location, who are supported by a full-time central Placement Officer. BRIDGE candidates have been employed in the sectors, including, but not limited to:

- Automotive Dealerships
- Telecommunications
- Hospitality
- Retail Outlets
- ITES/BPO

To,

Mrs. Gaikwad

D.G. College, Satara

Sub: Employability and Soft Skills Training for students of your Institute.

Dear Madam,

Greetings!

We are pleased to introduce the Naandi Foundation – Mahindra Pride School Skilling Project. A unique CSR initiative - Naandi Foundation will train, skill and help place the final year students of your college as part of their mission to skill and make employable the young men and women across the country at absolutely no cost to the college or the student.

Please find below a brief on the project.

Naandi, which in Sanskrit means a new beginning, is one of the largest and fastest growing social sector organisations in India working to make poverty history by skilling and empowering the youth of India. This is a CSR initiative of the Mahindra & Mahindra group of companies.

Naandi set up its first Mahindra Pride School (MPS) in early 2007, in support of the Government mandate for affirmative action, to empower youth from socially disadvantaged sections of society by providing livelihood training, to enable them to gain employment based on their skills.

MPS has several modules that help in enhancing the students' personality, general awareness, grooming and communication skills in English, life skills and knowledge of computer applications. The life skills component of the training module completely transforms the students into confident, determined, goal oriented youth; a personality shift essential for them to pursue successful careers in the sectors of their choice.

In a bid to consistently improve and reach out to a larger audience Naandi Foundation now strives to forge new tie-ups with Universities, Colleges, ITI's and other institutions as part of our Off-Campus

8799020527

project. In 2016-17 we have completed employability skills training for almost 25,000 students in 3 states.

We would like to implement our training in your institution based on the following terms and conditions: -

- a.) We intend to train the Final year students of your college in multiple batches of 50 students each as per the list to be communicated by you.
- b.) This will be a 40 hour program so will run for 20 days or till we complete 40 /30hours per batch. So please prepare a detailed schedule to enable us to book the trainers.
- c.) You will assign a coordinator for this project who will engage with the coordinator of Naandi.
- d.) You will have to share the student and placement data with us to quantify impact and we will be happy to introduce you to new employers.

Commercials:

Naandi Foundation shall conduct the training and placement assistance entirely free of charge as part of CSR from the Mahindra & Mahindra Group through their Mahindra Pride Schools.

The colleges will provide the premises, computer labs, electricity, LCD projectors, stationery, printed work sheets and other standard infrastructure.

We sincerely hope that this program will go a long way in contributing to the skilling target of India and we look forward to an early response and a long association with you.

Yours sincerely,

Seema Bhagwat

A Report of English Language Lab 2018-19

I am happy to present English Language Lab Report of the year 2018-19. The Language Laboratory seeks to develop cognitive learning and interactive skills. It aims to nurture writing, listening, reading and speaking skills. It provides flat form to develop comprehensive and interactive skills.

English Language Lab facilitates computer-aided multi-media instruction enabling individualized and independent language Learning .It sensitizes the students to the nuances of English speech sounds, word accent, intonation and rhythm. It brings about a consistent accent and intelligibility in their pronunciation of English by providing an opportunity for practice in speaking. Lab improves the fluency in students spoken English and neutralize mother tongue influence. It trains students to use language appropriately for interviews, group discussion and public speaking

English Language Communication Skills course conducted in lab along with two teaching methods a) Computer Assistance Language Learning, b) Interactive Communicative System. We have well-furnished Lab with 10 LAN attached. Lab is working 100mbps Internet Speed. Practical and Theory exam were conducted

At the end of course the certificates were delivered to the students.

A Report of English Language Lab 2020-21

I am happy to present English Language Lab Report of the year 2020-21. The Language Laboratory seeks to develop cognitive learning and interactive skills. It aims to nurture writing, listening, reading and speaking skills. It provides flat form to develop comprehensive and interactive skills.

English Language Lab facilitates computer-aided multi-media instruction enabling individualized and independent language Learning .It sensitizes the students to the nuances of English speech sounds, word accent, intonation and rhythm. It brings about a consistent accent and intelligibility in their pronunciation of English by providing an opportunity for practice in speaking. Lab improves the fluency in students spoken English and neutralize mother tongue influence. It trains students to use language appropriately for interviews, group discussion and public speaking

English Language Communication Skills course conducted in lab along with two teaching methods a) Computer Assistance Language Learning, b) Interactive Communicative System. We have well-furnished Lab with 10 LAN attached. Lab is working 100mbps Internet Speed. Practical and Theory exam were conducted

At the end of course the certificates were delivered to the students.

Report

It is my privilege to present the report of Lead College Activity organized by Department of English on **Friday, 6th August, 2021**. The lectures were conducted for the students with an objective of bringing awareness to look at Soft Skills and its need in Communication skills as well as the importance of Ethics and Manners in life. Dr. G.V. Jadhav, Head of the Department has introduced the guests.

Prof. Dr. Sunil Sawant, Head, English Dept., Kisan Veer Mah. Wai, dealt with soft skills and its use in all over the world. He mentioned various facts and importance of Soft Skills in the light of corporate mannerism and etiquettes. He described the process to learn soft skills in easy and timely manner. The second speaker, Dr. D.S. Kale, Head, English Dept., ASSM, Medha, stated that the Ethics and Manners are inevitable part of human life. Students are the nation builders so that it can be very helpful to them to master the ethical values and manners. The students have raised so many questions about the topics and their queries are solved. This Lead College activity was fruitful for 110 students.

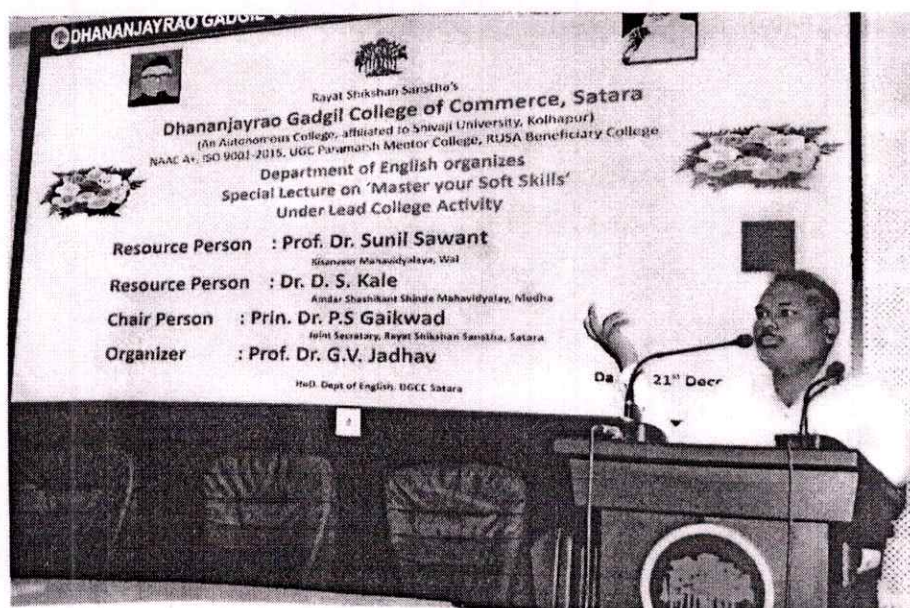

On the same day, the department had signed the MoU with ELT@I, Satara Chapter. Department will plan activities for students with the collaboration of ELT@I, Satara Chapter.
